BOARD PRESIDENT'S Message #5

March 1, 2023

- Dues collection for this year is over. Although several longtime members have yet to remit their dues, the membership's retention rate from the previous year is respectable considering most alumni are in their 70s or 80s. As an aside, recent graduates are exempt from dues during the first membership year.
- On the first of last month, the window opened for Congleton-Etheridge Memorial Scholarship applications. Scholarship chairman, Thomas Swanson, met with active PRs at the end of January to explain and promote the application process.
- Turning to our wonderful web site, did you know we have a blogging page? Blog stands for weblog. This is a page where our members can make remarks or write suggestions on just about anything. This month's topic is QR Code. The question I ask is, what information would you like to scan on your QR reader pertaining to the association and Pershing Rifles in general?
- The National Society of Pershing Rifles Alumni Association (NSPRAA) was founded in 1991 at Morgan State University. As the official alumni association of Pershing Rifles, NSPRAA provides opportunities to re-connect and share in the bonds of friendship and brotherhood and to assist the undergraduate organization in the accomplishment of its mission.
- If you wish to attend the NATCON (8-13 March 2023) in Chantilly, Virginia, you must register. The link to registration is below.
