### FOURTH FRIDAY BULLETIN

March 25, 2022

Pictured to the right is Cody Broughton, the first recipient of the Congleton-Etheridge Memorial Scholarship. On hand to present this award to the left is Sean Congleton, Major Roy Congleton's grandson. This ceremonial check was presented at the Army ROTC Military Ball on February 26, 2022. Congratulations Cody! Hopefully, we'll see you again in person at the fall alumni reunion. Mark your calendar for October 22, 2022 at the NC State University Club.

Active members of the alumni association are authorized to open the Members Only tab on the website. If you've lost or forgotten the password, contact me or the webmaster, Judy Ramsey. Our social roster—accessed from the Members Only tab—requires a separate password.

The Pershing Rifles Group National Convention was conducted this month in Lexington, Kentucky. Willis Madden, president of the NSPR Alumni Association and staff reported on several critical issues. Among these were a life membership in the national alumni association and the status of new PR and national alumni membership packets. A third party is still being sought to manage the fulfillment center function that produces membership shingles and assembles envelopes for mailing. The committee for the study of a life membership fee structure is close to formulating a recommendation.

Representatives from various local alumni associations spoke about the lack of support to PR companies across the regiments. Those associations in direct contact with members of an active company—like L-4—are by far performing the best work in the NSPRAA. The 2023 convention will be conducted in northern Virginia.

Fraternally,

*Joe Harris*

Director of Administration
