BOARD PRESIDENT'S Message #6

April 1, 2023

- On February 11, 2021, the board of directors approved a biennial award—the Good Citizenship Award for Community Service. A nominee was approved by the board of directors on July 14, 2022, a resolution is written and a time and place for the first presentation is currently being considered. Presently, nominations are being received for the next biennial annual (2024) award. If you have someone in mind for this recognition, send your nomination to me. Keep in mind, this award is for those who have and are volunteering their time for a worthy cause on or off campus. As there's no cash prize, this prestigious award is made by leaders that recognize volunteer leadership in action in our local communities. The recipient will receive a framed resolution and a Good Citizenship Certificate from the alumni association.
- At the last board of directors meeting, Vice President & Director of Operations Leverett reported on the logo and motto contest that's currently in progress. If you have a suggestion for a particular design for a distinctive local chapter (L-4AA) logo and motto, contact VP Leverett at ctleverett2@gmail.com.
- Webmaster & Director Ramsey and VP Leverett are working on an activity calendar for the website. Once this information becomes active on the website, I'll be incorporating embedded links for quicker access to this calendar. Since becoming the official alumni association in support of the active company, you might be surprised by the number of activities members of the association attend.
- The Department of Military Science (Army ROTC) has announced that its spring awards day presentations will be conducted on Thursday, April 20th. At this activity, the annual Congleton-Etheridge Memorial Scholarship will be presented to an L-4 P/R. Additionally, I have been informed that Roy Congleton's widow, Mary Anne Baynes Congleton-Lewis and his daughters and two grandchildren will be on hand for the scholarship presentation.
