October 22, 2021

Subject: 4th Friday Monthly Activity Update

Dear Valued Member,

The executive committee recently approved a life membership for Dr. Charles R. (Chip) Martin, '69, for his life accomplishments in the field of nuclear energy. Congratulations Chip!

November 20, 2021 is the Wolfpack's home game hosting Syracuse. It's also Military Appreciation Day. If you plan to attend, please let us know by tapping the tailgate information link embedded on the website homepage. Tap the link in the letterhead above to learn more on tailgating at the Military Appreciation Day football game.

The final quarter of the year is the season for giving. The first six members to donate to the Congleton-Etheridge Memorial Scholarship Fund will receive a thumb drive containing L-4's 1976 bicentennial colonial drill celebrations and newspaper articles referencing L-4 from 1952 to the present. In addition, the first ten members to gift one hundred dollars to the scholarship fund will receive a copy of my latest book. **Value-Based Leadership** focuses on the army's seven core values. The book is dedicated to the association's patriarch, Kent Etheridge. Make your check payable to the Congleton-Etheridge Memorial Scholarship Fund. Mail all gifts to Darlene Williams, 1807 Felts Parkway, Fort Mill, SC 29715.

The Congleton-Etheridge Memorial Scholarship Fund Chair, Thomas Swanson, reports that the Scholarship Committee is on track to announce the first award by February 1, 2022. Chairman Swanson also praised Webmaster Judy Ramsey for her efforts in expanding the Scholarship Tab of the website which now includes the online application form.

By common consent, the executive committee selected October 22, 2022 as the date of the next formal reunion in Raleigh, NC. The time and place for this event has yet to be determined.
