August 27, 2021

Subject: 4th Friday Monthly Activity Update

Dear Valued Member,

Since the company's reactivation in 2020, another L-4 PR has graduated. NC State's newest alumnus and member of our association is Second Lieutenant Paul Chung. Welcome aboard Paul!

The executive committee recently approved life memberships for three loyal L-4AA members. This esteemed group includes:

Jim Hilton charter member, 1953  
Stuart Hart pledged, 1954  
Joe Settle pledged, 1954

The executive committee deliberated over and finally agreed that it's too soon to plan a fall formal reunion with COVID-19 and Delta Variant cases on the increase. A tailgate party has been proposed for the military appreciation day football game that is scheduled on November 20, 2021. More details on this event can be found on the homepage of the website. Use the link under the above letterhead to open the website.

Director of Engagement Stewart Aull received a 16mm film from member Ted Peiffer. The history of the company as it was recorded on film during the nation's bicentennial was converted to digits and saved on a thumb drive. Director Aull and member Thomas Swanson presented a digitized copy to the NC State University Special Collections Research Center.

L-4 Commander Will McCormick reports that the recruiting for a fall pledge class is just around the corner. "Our second class will begin the intake process on September 8th under the guidance of a fresh NCO Corps. I have full faith in them to lead the new class into being fantastic members of Company L-4 in the Spring. I hope the rest of the summer goes well for everyone and cannot wait to begin updating everyone on the new class!"

Fraternally,

*Joe Harris*

Director of Administration
