## Alumni Association

January 23, 2015

Dear L-4 Alumnus,

Two motions were approved in January by your Executive Committee (EXCOM). The first motion was a donation from the treasury. The EXCOM approved a gift of \$250 to be donated to the Pershing Rifles Foundation. The second motion was a payment. Annual dues in the amount of \$250 have been paid to the treasurer of The Pershing Rifles Group.

Also in January President Art Dumont updated the EXCOM on the progress of his work.

- Major Tommy Quarles of the Department of Military Science at NC State has accepted the PR facility advisor's role if and when the required number of senior ROTC students petition to reactivate L-4. This is a developing story. Additional details or updates will be published as they become available.
- Certain original paraphernalia such as the L-4 guideon and trophies from past drill competitions have been recovered.
- Those attending the last reunion will remember signing an alumni paddle for General Hugh Shelton. Brother Shelton is now in possession of the association's gift to him.
- A-4 (Camden Military Academy), a junior ROTC "Blackjack" drill unit, will compete for the first time in the Blackjack Drill Competition at the Pershing Rifles National Convention or PRNATCON.
- The PRNATCON is again being conducted in Richmond, Virginia on March 12-15, 2015. If attending, you must register using the PRNATCON Website at [www.PRNATCON.com](http://www.PRNATCON.com).

In closing, I wish to remind you that our only means of contact with you is by the information provided on our social roster. Please keep me updated on your contact information. Thanks for your help.

Fraternally,

*Joe*
